

OGWA 2018

26–28 March > Oman > Booth 5320

Monday, 26 March

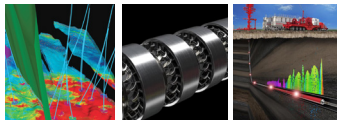

- 11:00** Controlling Undesired Fluid Production in Mature Fields
- 11:30** Optimizing Reservoir Access with Enhanced Frac Sleeve Solutions
- 13:30** Integrating Diagnostic and Intervention Capabilities with SPECTRUM FUSIONSM Hybrid Coiled Tubing Service
- 14:00** Enhancing Hydraulic Fracture Placement with Cost-Effective Formation Evaluation
- 14:30** Minimizing Risks and Maximizing Results in Mature Fields with DFGTM Integrated Hydraulics Software
- 15:00** Delivering Predictable Well Construction Through Integrated Project Management
- 15:30** Increasing Production in Mature Fields with Artificial Lift and Summit ESP[®]
- 16:00** Preventing Lost Circulation with Tailored Cement Solutions

Tuesday, 27 March

- 10:00** Advancing Drilling Innovation with Well Construction 4.0
- 10:30** Revitalizing Mature Fields and Enhancing Oil Recovery
- 11:00** Providing Efficient Drilling Solutions for Deep and Harsh Environments
- 11:30** Achieve More Efficient Drilling with GeometrixTM 4D Shaped Cutters
- 13:30** Increasing Production in Mature Fields with Artificial Lift and Summit ESP[®]
- 14:00** Controlling Undesired Fluid Production in Mature Fields
- 14:30** Preventing Lost Circulation with Tailored Cement Solutions
- 15:00** Optimizing Reservoir Access with Enhanced Frac Sleeve Solutions
- 15:30** Integrating Diagnostic and Intervention Capabilities with SPECTRUM FUSIONSM Hybrid Coiled Tubing Service
- 16:00** Minimizing Risks and Maximizing Results in Mature Fields with DFGTM Integrated Hydraulics Software

OGWA 2018

26–28 March > Oman > Booth 5320

Wednesday, 28 March

-
- 10:00** Delivering Predictable Well Construction Through Integrated Project Management
-
- 10:30** Enhancing Hydraulic Fracture Placement with Cost-Effective Formation Evaluation
-
- 11:00** Increasing Production in Mature Fields with Artificial Lift and Summit ESP®
-
- 11:30** Controlling Undesired Fluid Production in Mature Fields
-
- 13:30** Advancing Drilling Innovation with Well Construction 4.0
-
- 14:00** Providing Efficient Drilling Solutions for Deep and Harsh Environments
-
- 14:30** Integrating Diagnostic and Intervention Capabilities with SPECTRUM FUSIONSM Hybrid Coiled Tubing Service
-
- 15:00** Revitalizing Mature Fields and Enhancing Oil Recovery
-
- 15:30** Achieve More Efficient Drilling with GeometrixTM 4D Shaped Cutters
