

# SPE ATCE 2017

October 9-11 > San Antonio, Texas > Booth 1353

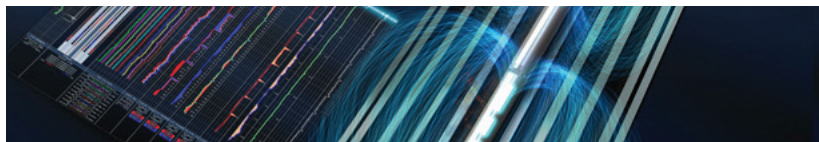

## Monday, October 9

- 9:30** Combining Intervention and Diagnostics for Real-Time Optimization
- 
- 10:00** Maximizing Bit Performance in High Energy Drilling Environments
- 
- 10:30** Optimizing Hydraulic Fracture Placement with a Cost-Effective Solution
- 
- 11:00** Ensuring Fluid Containment and Diversion in Pressure-Critical Operations
- 
- 1:00** Improving Safety and Service Quality Through Surface Efficiency
- 
- 1:30** Reducing Downhole Losses and Increasing Operational Efficiency with Drilling Fluids
- 
- 2:00** Making the Digital Shift in Completions and Production Operations with Voice of the Oilfield™
- 
- 2:30** Maximizing the Economic Life of the Well
- 
- 3:00** Constructing Super Laterals with Superior Technology
- 
- 3:30** Optimizing Pipe Surveillance and Intervention with One-Trip Diagnostics
- 
- 4:00** Enhancing Production during Hydraulic Fracturing with Surfactants

## Tuesday, October 10

- 9:30** Improving Safety and Service Quality Through Surface Efficiency
- 
- 10:00** Making the Digital Shift in Completions and Production Operations with Voice of the Oilfield™
- 
- 10:30** Attaining Dependable Barriers with Tailored Cement Solutions
- 
- 11:00** Constructing Super Laterals with Superior Technology
- 
- 1:00** Maximizing Bit Performance in High Energy Drilling Environments
- 
- 1:30** Optimizing Pipe Surveillance and Intervention with One-Trip Diagnostics
- 
- 2:00** Enhancing Production during Hydraulic Fracturing with Surfactants
- 
- 2:30** Optimizing Hydraulic Fracture Placement with a Cost-Effective Solution
- 
- 3:00** Increasing Efficiency and Performance with Drilling Automation
- 
- 3:30** Ensuring Fluid Containment and Diversion in Pressure-Critical Operations
- 
- 4:00** Combining Intervention and Diagnostics for Real-Time Optimization

# SPE ATCE 2017

October 9-11 > San Antonio, Texas > Booth 1353

---

## Wednesday, October 11

---

**9:30** Reducing Downhole Losses and Increasing Operational Efficiency with Drilling Fluids

---

**10:00** Increasing Efficiency and Performance with Drilling Automation

---

**10:30** Maximizing the Economic Life of the Well

---

**11:00** Attaining Dependable Barriers with Tailored Cement Solutions

---
